Lexington and Big Sandy Railhoad.—
The owners of the Lexington and Big Sandy Railhoad West, have effected a sale of the road to a private company, composed of gentlemen of very large capital and a force is expected to be put upon the road immediately, sufficient to put in through in the shortest time-possible. The association has a road about fourteen miles, running out from the Ohio river at Greenupsburg, which is now completed, and will connect with the Lexington and Fig Sandy Railhead about Grayson. The road, when completed, will do more to develop the mineral and real wealtheat Kan

market.

Ilswr.—The hemp market continues quiet, and manufacturers are not disposed to pay extreme prices—not over \$5.00 per 112 pounds, as the demand for dressed hemp, they say, has fallen off, and the future course of the market is uncertain. In St. Louis the market for hemp is very stiff, with light receipts! Rope and bugging firm, but sales light.

Good Prices.—Capt. Phill: Kidd reports a sale which he made on Friday last, where the following good prices were obtained: Corn, in the crib, \$5.25 per harrel; hemp \$5.75 per 112 lbs. yearling heiters, thin, \$30; milch cows as high as \$74, stock hogs lbe per pound, harness gelding \$150. yearling mules \$65; two-yearsold gebling \$112, bacon, hog round, 20c per pound.

INJURAD.—Mrs. Akin, wife of David Akin, Edg., of Woodford, was severely injured on Saturday, by the burse attached to the buggy in which she was riding taking fright and running off. The buggy was overturned and Mrs. Akin was precipatated with violence to the ground autererived a number of painful but not daugerous injuries.

Some thirty-seven years ago the national government held in that for the Cherokee Indians the sum of \$500,000 in gold, and having use for about that sum appropriated it, giving the Cherokees instead a deed to eight hundred thousand acres of Indian what is now Sonthern Kansas. This tract of land was never occupied by the Cherokees, but was held in trust for them by the national government, supposing that the rise is value would fully equal the interest on the sum paid. Meanwhile it was taken possession of and improved by settlers, who, finding it vacant, sugposed they could acquire titles to it under the pre-emption or homestead law. It was estimated that 30,000 settlers occupied that portion of Kansas a year ago, and the number has been rapidly increasing since.

The Chief Justice then asked if counsel were ready for trial independent of this st pulation.

Gov. Wells, for the prosecution, replied that, in view of the absence of the District Attorney, whose wife is in a dying condition, the absence of the prisoner, caused by the stipulation, and the absence of Mr. Everts, who stood in the position more directly representing the Attorney General, the case could not well be gone on with. He suggested some day to the Cotoler term when the Chief Justice could estend.

The connect or the defence moved for a peatpearement until the next term, which the Chief Justice granted, saying at the same Lune that had the trial token place in May, a year ago last fall, or now, it would have been more convenient for him, as he was ready to try the case.
